

Aircraft maintenance engineers required:  
BERGAMO, PISA, BOLOGNA, CAGLIARI, BARI,  
ROMA, TRAPANI.

Ryanair sta cercando tecnici certificati B1.  
Se sei interessato invia il tuo CV al seguente indirizzo  
email : [rtechnics@bostonair.co.uk](mailto:rtechnics@bostonair.co.uk)

As the first airline to introduce low fares, Ryanair has revolutionized European air travel and the revolution is set to continue. Ryanair currently has a team of more than 7,000 people and expects to carry approximately 73 million passengers in the current year. With over 240 Boeing 737 – 800s, Ryanair has firm orders for a further 82 new aircraft within the next 2.5 years. For over 20 years our engineering team has delivered a superb service in maintaining our fleet of Boeing 737 aircraft.

To provide engineering support, Ryanair Technics, delivered by Bostonair, is now inviting applications for Aircraft Engineers, preferably with a certification on the B737 – 800 rating to be positioned at our bases in Italy.

If you have the energy and commitment to join our exciting organization, then we want to hear from you!

Applicants should send a full CV to Niamh Coleman via e-mail to [rtechnics@bostonair.co.uk](mailto:rtechnics@bostonair.co.uk)
